NO. 31

## BOND ISSUE CARRIES

That California continues to believe in good roads was amply proved by the election of last Tuesday, when the proposed state bond issue for the purpose of improving the highways of the state carried by a vote of approximately seven to one. It is said that the vote in Southern California was about ten to one. Complete reports from Glendale are not available at the time of going to press, as the ballots were immediately taken to Los Angeles, but reports from officials assure us that our city did her part in the matter.

## BUSINESS CHANGES

At least three important business changes have been made in Glendale during the past few days.

The first to be announced was the sale to a Mr. Tompkins of the Bosserman Hardware Store, at 109 North Brand Boulevard. LeRoy W. Bosserman, who has been proprietor of the store since 1913, has announced that he will give his time exclusively to wholesale work, he being Pacific Coast representative of his brother, who is a manufacturer of go-carts and perambulators. Mr. Bosserman at present has his warehouse in Glendale, and may make this his permanent headquarters.

The dry goods business of R. L. "Broadway," Hendricks, at the corner of Broadway and Maryland has been sold to Emus Brothers, of Los Angeles. The new firm will announce their plans next week. Mr. Hendricks will rest for a few months.

O. W. Tarr, proprietor of the White Supply station at the corner of Broadway and Louise, and of Tarr's Tire

store, in the first building to the west of the oil station, has sold both to William Hooper, formerly a salesman for the Nash Agency. Mr. Tarr says he expects to give his attention for the present to the building of a new residence.

## FIREMEN INJURED

While on the way to a grass fire on Los Feliz Road Thursday morning, Fire Chief Lankford in his Buick runabout collided with another car at the corner of Los Feliz and Central Avenue, overturning the small car and injuring the occupants. At the time of going to press, the extent of the injuries was not known, but it was reported that Captain Ed Fairfield of the No. 2 station, in the Tropico district was seriously injured, while the Chief's hurts were not so bad. Joe Purrier, of the Broadway station, who was also in the car, escaped with slight bruises.

The car struck was a new Oakland, driven by Mr. Hunnefeld, who is engaged in the taxi business. Both cars were considerably damaged.

## CAN'T KEEP HIM DOWN

The Press has received Vol. 1, No. 1 of the Long Beach Pike, a weekly paper printed in the interest of the "Pike" at that city. It is printed on yellow paper, and is full of ads and also of clever and interesting squibs in rhyme and otherwise. It proclaims itself as a dispenser of jazz literature for the benefit of visitors to that resort, and we were not surprised, on examination of one of the inside pages, to learn that the chief perpetrator is none other than our former

fellow-townsmen, Mr. Walt Le Noir Church. Mr. Church has had a varied career as newspaper man, attorney, and business man in a number of different states of the Union and in Alaska. During his residence in Glendale he was often a contributor to the columns of this paper.

## C. W. KIMBERLY FUNERAL SERVICES

The funeral services for Charles W. Kimberly were held Tuesday afternoon in the Masonic Temple, with the Knights Templar, of which the deceased was an active and honored member, in charge. A wealth of floral tributes decorated the bier.

The impressive service was given in full, and the following brief biography given:

Charles Wallace Kimberly was born in Ohio in 1857. He was the son of Anson E. and Rachel Kimberly; was educated in Springdale, Iowa, and on August 25, 1910, was married to Carlotta Saunders in Los Angeles. He was raised a Master Mason at Lodge 144 in Crookston, Minnesota, and received the Order of Knighthood and of Malta at Unity Lodge, Glendale, in 1916. He was also a member of the Eastern Star.

Mrs. Kimberly, who had been with her husband in the east, arrived in Glendale Monday. She was accompanied by Mr. Kimberly's sister, and by his brother, State Senator Kimberly, of Davenport, Iowa.

"Bob" Freeman, manager of the Chaffee store in Glendale, who formerly made his home in Pasadena, was married recently, and he and his bride are now living in Glendale, at 324 West Lexington Drive.

# TROPICO HERALD

"Entered as second-class matter January 25, 1918, at the post office at Los Angeles, Cal., under the Act of March 3, 1879." :: Devoted to the best interests and future welfare of Glendale, San Fernando Valley and Southern California. :: Telephone, Glendale 1500 :: Subscription, \$1.00 per year :: Advertising rates upon request.

Looking back to the period of the Civil War in the United States, somebody in Wisconsin finds that American women of that time took up a good deal of work formerly done exclusively by men. The first industry thus entered by women was the printing trade in which they became compositors in place of men who had volunteered, but the idea was not then taken as matter-of-factly as it is nowadays, and on at least one occasion the Typographical Union protested by organizing a strike. The strike failed, and the women continued setting type. In factories and stores also women took places left vacant by volunteers; and if such was the condition in one state, it was probably duplicated in others. At that time the wages paid to women were commonly from \$3 to \$5 a week, but their success in various new and experimental employments then doubtless largely brought about the presence of women in American industry that has been a growing factor during the last sixty years.—Christian Science Monitor.

## PROCEEDINGS OF BOARD OF TRUSTEES

Adjourned meeting of the Board of Trustees, City of Glendale, July 1, 1919, 7:30 p. m. Board met pursuant to adjournment. All members present. In absence of the City Clerk, Trustee Shaw was appointed Clerk pro tem.

### Phone Service

Trustee Henry moved that the Board demand of the Pacific Telephone and Telegraph Company that it take prompt steps to restore the telephone service in Glendale to a satisfactory condition and that all rate payers be allowed a rebate for the time their telephone service was cut off or im-

paired during the month of June, 1919, which motion was adopted by the following vote:

Ayes: Henry, Jackson, Muhleman, Shaw, Woodberry.

Noes: None.

Absent: None.

### Appointment of Members of the Library Board

The President of the Board appointed for members of the Library Board—T. W. Preston in place of W. W. McElroy, term expired, and Mrs. Flora M. Temple in place of J. W. Henderson, term expired, and on motion of Trustee Woodberry, these appointments were confirmed by the following vote:

Ayes: Henry, Jackson, Muhleman, Shaw, Woodberry.

Noes: None.

Absent: None.

### Presentation of Contract for Consulting Engineer

City Manager presented draft of a contract with W. S. Althouse for services as consulting engineer in connection with street improvement work, which was referred to Trustee Shaw, in the absence of the City Attorney, for redrafting.

On motion of Trustee Henry, a leave of absence for two weeks was granted to Trustee Woodberry.

### Resolution Fixing Salaries

Trustee Shaw presented Resolution No. 1078 (Fixing Salaries) and moved its adoption, which motion was adopted, all voting aye.

### Transfer of Funds

Trustee Shaw moved that \$2300 be transferred from the Insurance Reserve Fund to Public Service Fund, which was carried, all voting aye.

The City Manager presented a report from Dr. Clarence H. Griffin on the objectionable matter appearing in the water pipes, which was ordered filed.

Trustee Woodberry moved that the City Manager be instructed to carry

out the recommendations of Dr. Griffin for temporary relief, by removing the growths mentioned, removing obstructions to flow of water, cleaning out reservoirs and flushing pipes. Motion carried.

The meeting was then adjourned. No meeting was held Thursday night of this week.

If President Wilson subscribes to a clipping bureau, he may still be wondering how he looked when meeting the German Peace delegates. He may read in the Evening Standard of London that he met the situation with "a little smile, half hidden behind passivity." Or, according to another London paper, The Daily News, he turned upon the German delegates "a searching gaze, but suggestive of judicial stolidity," rather difficult to accomplish, it would seem, while, as described by the report of another journal, he "glanced around the room with intense curiosity." One wonders what there was in the general survey of the room to make him intensely curious, a condition which he carefully concealed from yet another journalist, who wrote to the home paper, "Mr. Wilson, cold and non-committal."—Christian Science Monitor.

A sorry blow has been dealt to those who maintain that we are not a commercial race.

"You gave me prussic acid by mistake for quinine, this morning," a man told a chemist the other day.

"Is that so?" said the chemist. "Then you owe me another twopenny."

"You know," said the woman whose motor car had run down a man, "you must have been walking very carelessly. I am a very careful driver. I have been driving a car for seven years."

"Lady, you've got nothing on me. I've been walking for fifty-four years."

Mrs. Maude Kahler, formerly of this city, was married last Saturday evening to Thomas G. Kennedy, of Los Angeles, Vice President of the Southwestern Fruit Company. The ceremony was performed by Judge Chesbro at the Los Angeles Athletic Club.

FOR SALE—Iron beds, one full size, one three-quarter, complete with good mattresses and springs, \$10 each. Box couch, excellent condition, \$5. Perfection oil heater, \$2. Domestic sewing machine, does excellent work, \$7. Lawnmower, \$3.50. Rabbits, does for breeding, 75c to \$2 each. Potatoes. Excelsior belt-drive twin motorcycle, with tandem, Prestolite and tank, one tire nearly new, running fine, \$30. 546 Oak Street.

Good news comes to the highway departments of the different states in the announcement that the United States Government will presently distribute among them some \$45,000,000 worth of motor-trucks. The War Department has declared these trucks, 20,000 of them, surplus material, and they are to be given to the highway departments of all the states willing to pay the loading and freight charges. The trucks range from two to five tons; 11,000 of them are quite new, while the rest have been used, but are perfectly serviceable. Under the law, however, none of them can be turned over to counties or individuals, nor will the Bureau of Public Roads, which has charge of the distribution, make any particular effort to per-

suaude the states to take up with the offer. Such effort, one may imagine, would hardly be necessary, for so remarkable an opportunity comes but rarely.—Christian Science Monitor.

THE TIGHT SKIRT

By C. W. McAdams

You've a very narrow skirt,  
Little girl.  
Are you sure it doesn't hurt,  
Little girl?  
That's a mincing little stride  
Where the street is wild and wide;  
Are you sure there's room inside,  
Little girl?

What will happen if you slip,  
Little girl?  
Aren't you fearful it will rip,  
Little girl?  
You would better take a sack,  
So if anything should crack,  
It would serve you coming back,  
Little girl.

Does your mamma know you're out,  
Little girl?  
We're afraid to go about,  
Little girl.  
If we met you in the sun,  
With your skirt so finely spun,  
Why, we might all have to run,  
Little girl.

Let the bottom out a bit,  
Little girl.  
It is much too tight a fit,  
Little girl.  
As the matter sadly stands,  
You'll be walking on your hands,

And in that event—my lands!  
Little girl.

## A LIVING MONUMENT TO OUR DEAD HEROES

Memorials in cold stone with their allegorical figures are not enough to perpetuate the memory of our dead who lie in France. At least that is the belief of citizens of Clarinda, Iowa, who on Memorial Day contributed a fund toward a living monument. Twenty-one French war orphans make up that living monument, one fatherless child for every Clarinda boy who gave up his life for the cause of humanity. The public spirited men and women of that town will care for these little French orphans with this fund, paying for their support through the American branch of The Fatherless Children of France, an organization co-operating with a similar one of which Marshal Joffre is head, to care for the little French children left fatherless through the havoc of war.

There are 60,000 French war orphans still unplaced on the list of the American organization. Three dollars a month, or ten cents a day, will support one of these children. The Clarinda citizens have paid for each child "adopted" \$36.50 for a year's support, with the intention of repeating the sum annually until the child is capable of caring for itself. This small sum supplements an equal amount paid annually by the French Government to each war orphan and, tiny though it is, provides for the child's support.

In its reconstruction work, France has wisely centered its greatest efforts on the care of its war orphans, and "The Fatherless Children of France," recognizing that these little victims of the war should be the wards of a world made safe through their fathers' sacrifice, undertook, early in the war, to furnish god-mothers and godfathers for these children—American godparents who would contribute ten cents a day toward their support that they might remain with their mothers instead of being placed in institutions, and who would, besides this, write to the little ones to whom they had become benefactors. Donations of any sum from a dime (one day's support) to \$3.00 (a month's support) are solicited, as well as the pledges of \$36.50

a year. A yearly pledge enables one to select as one's protege a special boy or girl from the organization's lists of children. Mrs. Walter S. Brewster of Chicago has been appointed chairman of a special campaign to secure these ten-cents-a-day adoptions and is making an earnest appeal from the campaign office, Room 635, 410 S. Michigan Avenue, Chicago.

### Speaking of Jawbreakers.

One is reminded by the word whose death is celebrated by Democritus (and which, by the way, in a civilized language is called "lese majeste") of another sesquipedalian term which has gone out of style. Canonius tells us that "terminological inexactitudinarian" is the longer and prettier phrase that has been supplanted by a shorter and uglier word.

## AT THE PALACE GRAND

Today, Saturday, July 5, the Palace Grand Theatre offers the latest production of Dorothy Gish, the star who has lately been gaining so rapidly in favor. You will remember her as the clever little "disturber" in "Hearts

**DOROTHY GISH**

*"I'll Get Him Yet"*

*A Paramount Picture*

of the World," and also in "Boots" and "Peppy Polly." We are promised that this is far more entertaining than these other good pictures, and

it is guaranteed "a perfect scream." On the same program will be a thrilling two-reel stunt comedy, "The Star Boarder," featuring Larry Semon. Also Bray cartoon comedy and pictographs. Matinee at 2:30, evening shows at 7:00 and 9:00.

William Gillette's famous play, "Secret Service," will be given tomorrow. This picture features an extraordinary cast of characters, such as Robert Warwick, Wanda Hawley, Theodore Roberts, etc. It is a great romance of the Civil War, and throbs with love, humor, pathos, patriotism, and heroic deeds. As a stage play, it was performed over two thousand times by its author, William Gillette. Matinee at 2:30. Evening shows at 7:00 and 9:00.

Florence Reed, the great emotional actress, will appear Monday, July 7, in her latest dramatic triumph, "Her Code of Honor." She is supported in this play by the star, William Desmond and the rest of the cast is excellent. Florence Reed plays a dual role, each with its great love story, and a startling surprise at the close. It is a tale of two great cities, and of a widely different life in the two. The Latin Quarter of Paris gives place to the luxury and magnificence of a wealthy home in New York. "Her Code of Honor is the best picture I ever made," says Florence Reed. A Pathe Latest World News Reel will be shown, also Lyons-Moran comedy. Matinee at 2:30. Evening shows at 7:15 and 9:00 o'clock.

Another big triumph, which enjoyed great popularity in Los Angeles, was "The Avalanche," which will be here Tuesday. This picture features Elsie Ferguson, and everybody who has seen it says it is her greatest. It is a story of the lure of gambling which almost conquers a woman's soul. It is gorgeously gowned and jewelled, and will grip your interest throughout. On the same program is a Harold Lloyd Comedy, "Just Neighbors," and Gaumont Latest Current Events. Matinee begins at 2:30. Evening shows at 7:15 and 9:00.

Geraldine Farrar, the world-famed actress and operatic star, will be seen here again on Wednesday, July 9, in her latest picture, "The Stronger Vow." This is a story of Apache love in the heart of Paris and is a drama of thrill and of flaming emotions. Also a News picture and a Bruce mountain trip. Matinee at 2:30, and evening shows at 7:15 and 9:00 o'clock.

What is described as one of the year's greatest pictures will be here on Thursday. This is Hall Caine's wonderful story, "The Woman Thou Gavest Me." It features an unequalled cast of characters, including Catherine McDonald, Jack Holt, Fritz Brunette, etc. It is a tale of love never to be forgotten. Matinee at 2:30. Evening shows at 7:15 and 9:00 o'clock.

Billie Rhodes, the charming little star of "The Lamb and the Lion," "The Girl of My Dreams," and "Hoop La," has just produced a new picture, which is showing here first. It is due next Friday and it is called "The Love Call." It is a most enjoyable comedy-drama of the West. On the same program will be a Burton Holmes travel picture and Mutt and Jeff cartoon. Matinee at 2:30. Evening shows at 7:15 and 9:00.

For Next Saturday—Wallace Reid in "You're Fired," and a Mack Sennett whirlwind, "No Mother to Guide Him."

#### Beginning of Pittsburgh.

November 25 is the anniversary of the raising of the English flag over the ruins of Fort Duquesne in 1754. The place was then named Pittsburgh, in honor of Britain's famous prime minister. It owes its great growth to its proximity to coal and iron fields of vast magnitude.
